

# Snake Valley Swap Meet Run

6-2-22

We all met at Maccas Ballan about 7.30, by 8.00 we were on our way to Snake Valley Swap Meet . After much driving uphill & down dale across many crossroads & around many corners, comments were (are we there yet) . Talk about the middle of Bloody nowhere we finally arrived and after getting hunkered down in our parking holes everyone went for a look see. When everyone returned the kettle was put on the boil as we settled down under some big shady trees and some discussion took place about where can we get petrol. Graeme Bushby.

Terrific day .... Great company, plenty of laughs. Do like a swap meet and it's been awhile since I've attended one. Thanks to all who made it happen. Grant Freeman.

Loved the drive, it's always really great to do some serious country driving, beautiful scenery. I personally think the drive wasn't long enough. Helen.
