

Breakfast in Lygon St and Car Show at Epping RSL.

Sunday 27th March 2022.

Run Report: Helen Tuo.

Well the plan was to meet Mick B and Kevin M at Essendon Fields at 0700 to head into Lygon St together. (Best laid plans and all that).

Dave and I got to the meeting spot and a lovely gentleman in a 37 coupe informed us there was a green puddle under Dave's Cussie, we had definitely sprung a leak.

😬 Mick drove up and informed us Kevin's car wouldn't start. So we topped up with water and made it back home to swap for the Focus then headed back to Lygon St.

Had a great breakfast with Mick and Michael Carter then a wander around admiring the cars. Then home for a repair on the Cussie and off to Epping, picking up Kevin M who got his Cussie going in the end. Graeme Bushby was already there sitting comfortably under a tree.

After a wander perusing the cars on show it was into the RSL for refreshments before calling it a day and heading home.

So after a slow start it turned out a great day.

Dave Healey

Mick was at Lygon St early Sunday morning. His car was a stand out.

I had planned to meet him and Kevin M at Essendon Fields for the run in but a serious coolant leak from the heater control valve meant that Helen and I had to turn back for home. We joined Up after I grabbed the Focus.

Later made it to Epping after swapping the valve out. Had a great day anyway!
