

General Meeting at Epping RSL

15-5-2022.

My day started off badly with the STAR refusing to turnover , "OH" flat battery so after a quick zap she started .

I arrived at EPPING RSL and there was a distinct lack of numbers. All who attended had their 2 BOBs worth and all business was discussed and completed .

After the meeting we all adjourned to the dining room for lunch which was enjoyed by all .

Polish and drive the CUSSO .

Catchya on the next lap. Graeme Bushby
